

Orange Blossom Special Astro Imaging Contest

IMPORTANT NOTE: Get your registration number from the registrar at Reception and enter the number here: _____

RULES:

1. All images submitted must be taken here at the OBS.
2. All images must be submitted in hi res JPG or TIFF format and include the name of the image(s) along with this form with your exclusive number on it.
3. Include one raw file (CCD in FITS, DSLR in JPG) of the image(s) you submit.
4. Submit your image(s) on a CCD or Thumb Drive (we will return to you).
5. The competition is open in two categories, Deep Field, and Wide Field.
 - a. Deep Field - The focal length of your optical tube must be 600 mm or greater.
 - b. Wide Field - The focal length of your optical tube must be 600 mm or less.
 - c. **Note:** If you use a focal-reducer or barlow please factor that into your focal length.
6. You may enter one and only one image in each of the two categories.
